Connexus

About Us

Started in 2007, Connexus Corporation is a small US-based global consulting firm focused on delivering high quality services to transform enterprises and organizations. Specializing in public-private partnering, rural and agricultural market development, and enterprise management consulting, Connexus has built a strong reputation among its clients and partners for delivering measurable results.

Our Work

Guided by our mission to provide high quality global consulting services to transform international development and build local capacity, Connexus has completed assignments in over 30 countries around the world. By working with private sector companies, international donor agencies, implementing organizations, financial institutions and impact investors, Connexus takes a holistic view to approaching the development landscape, and builds lasting connections between its clients and beneficiaries.

- Enterprise Development
- Youth & Gender Inclusion
- Knowledge Management
- Monitoring & Evaluation
- Health Finance
- Project Administration

Cracking the Nut Conferences

The Cracking the Nut® conferences are participatory learning events designed to crack the "tough nuts" in international development. Traditionally, the conference has relied on a mix of private and public sector ideas to address the most pressing challenges in agricultural value chains and facilitating access to finance, as well as addressing concerns about related issues, such as food security.
